Sub: Implementation of e-Office in your University

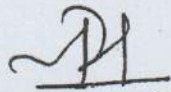

Madam/Sir,

As you must be aware, e-Office is a Digital Workplace Solution for Government/Semi-Government offices, developed by NIC and used in numerous offices/establishments throughout India. Implementation of e-Office in an office/establishment enhances transparency, increases accountability, assures data security/integrity and transforms the work culture/ethics.

In Odisha, Centre for Modernizing Government Initiative (CMGI), a society under the administrative control of General Administration and Public Grievances Department, Government of Odisha, is the authorized agency to implement e-Office in State Government offices/establishments including State Public Universities. As e-Office implementation expenses is borne by CMGI out of its own budget, State Public Universities do not have to incur any expenses on account of implementation of e-Office.

Therefore, you are requested to kindly contact CMGI for early implementation of e-Office in your University.

Yours faithfully,

  
Principal Secretary to Government
