MESSAGE

It is a journey to support an intellectual shift. I admire the people of Kalahandi in pre-1960 period whose thoughts led to the idea of sprouting an institution of Higher Education by clubbing three words Kalahandi, Science and College. To avail the study of Science in this area, a few students have gone outside, to Revenshaw College and other Colleges and have shined. Much water have flown in last sixty years in the River Tel to the Bay of Bengal, the erstwhile Kalinga Sagar. That small College has become the Kalahandi University. Students from different corners of the state and outside have been assembled within the frame of Kalahandi University. With my maternal grand father's linkage (He was the Head Patwari to the King before 1947) and the grace of the living goddess Maa Manikeswari, I landed here, the land of precious stones (Chankya's Indravan) to nurture the precious of all resource, the human resources. The challenges are many. But I have strong faith to transform the challenges to opportunities and spearhead as a team leader for the University to take off.

- Prof. Sanjay Kumar Satapathy
Vice - Chancellor

I am very happy to join in the Kalahandi University. This University is a great educational institution. Various steps are being taken here to improve the teaching process of Professors & Students. National & International Seminars have been held at various times. At the University level, different types of social activities and different memorable days are being celebrated by NCC, NSS & YRC. The publication of this first Newsletter is a saintly endeavor. I wish our University would be a major educational institution in the country.

- Sri Pitambar Bhoi (OAS-I,SB)
Registrar

List of Seminars / Webinars organized by Kalahandi University, Bhanwanipatna
