HISTORY OF KALAHANDI UNIVERSITY

History of Education in the district dates back to the year 1860, when four primary schools were opened in the ex-State of Kalahandi during the rule of Fatenarayan Deo when the ex-State was under the administrative control of the Central Provinces. The number of Primary schools in Kalahandi rose to fifteen numbers during the time of Udit Pratap Deo who ruled the princely state of Kalahandi from 1853 to 1881 A.D. Western education had its humble beginning in the ex-State of Kalahandi during the reign of Udit Pratap Deo, the then ruler of the ex-State, when one Middle English School was established in 1871 at Bhawanipatna. With the gradual improvement in the spread of education in the district, the number of schools increased. The first High school was established in 1916 and was named as Higher English School. Subsequently the name changed to Braja Mohan High School.

One college started at Bhawanipatna on Private initiative as late as in 1960. It catered to the need of undivided Kalahandi, as well as, adjoining regions like Titlagarh, Ambadola, Nawarangpur, Kashipur, Phulbani etc. There was no separate college for women in the district till 1980. This college has facilities for coeducation.

The Degree Colleges established in the district are affiliated to the Sambalpur University and are co-education colleges. There are twenty Degree college out of which the Govt. college Bhawanipatna is the only Autonomous College, the status conferred by the Government of Odisha and recognized by UGC. Consequent upon which the college

is having academic autonomy to frame its own curriculum and conduct examinations. However, the certificate is awarded by the Sambalpur University.

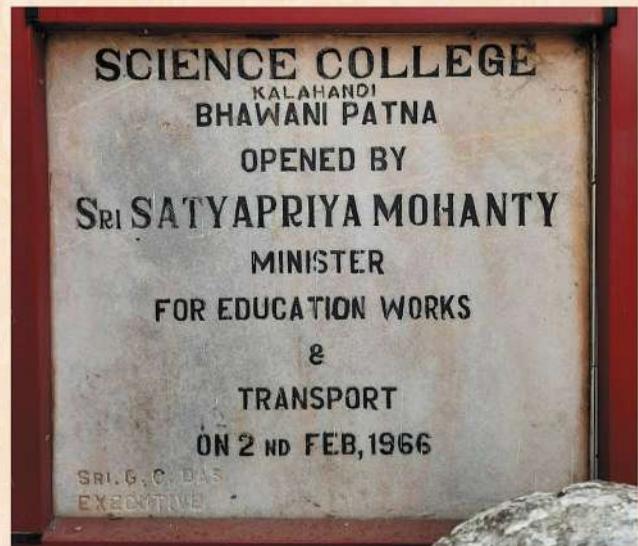

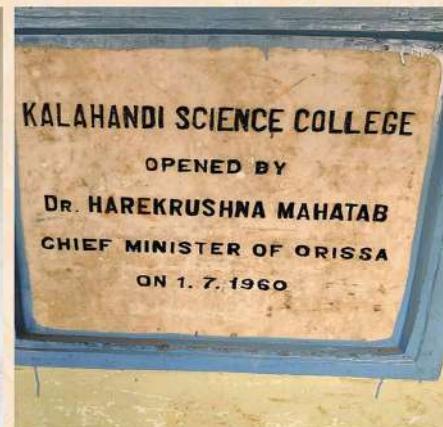

This College has a library with more than 63000 books in 31 subjects. The college has four hostel for boys and three hostels for the girls. Out of the four boys hostels one is exclusively meant for SC and ST students, as this has been constructed by the SC and ST Development Department ,Government of Odisha. In a sprawling campus, with separate Arts, Science and Commerce Blocks, Library block, Canteen, Self Financing block, Botanical garden etc have been located. The college is contributing significantly towards the spread of higher education in the district. The University started as Kalahandi Science College from 18th July 1960 continued as a Pvt. College till 30.11.1961 was taken over by the Government of Orissa on 01.12.1961. It was then renamed as Govt. Science College, Bhawanipatna. The +2 Wing of the institution started in the year 1982. With its vertical academic growth the College was conferred with Autonomous Status in 2002. On 01.09.2020 it upgraded to an affiliating university, named as Kalahandi University, Bhawanipatna vide Government Notification No. 22523/HE, Dt. 25.10.2019.

The University is situated in the KBK (Kalahandi-Bolangir-Koraput) region, one of the most backward regions of the Country. It caters to the hopes and aspirations of the vast tribal populations of the area as a Temple of learning for Higher Education. At present, this College with its head high stands as one of the front ranking institutions in Odisha

. It serves this backward region as well as the country eagerly to keep the eternal flame of learning, knowledge and competence ablaze so that the young aspiring minds of this locality prepare themselves to serve the country at large. The University offers a variety of courses at different levels. Besides Arts, Science and Commerce at Higher Secondary and Degree levels this institution also offers MA, M.Com and M.Sc. in 16 different subjects. Also on the offer are self-financing degrees courses in Computer Science and B.Ed. There are 55 colleges under Kalahandi University. Out of this 39 Colleges are in Kalahandi and 16 in Nuapada District. Amongst them 49 are general colleges and 6 colleges are imparting courses like Nursing / Physiotherapy. There are four women's colleges and one Autonomous college under the fold of this University.

卷之三

A wide-angle group photograph of a large number of people, primarily young adults, arranged in several rows. They are dressed in a variety of casual clothing, including t-shirts, hoodies, and jackets. The group is positioned in front of a building with a red brick facade and white-framed windows. The overall composition is a formal group portrait.

100

A wide-angle photograph showing a large group of individuals, predominantly young adults, wearing white lab coats over dark clothing. They are arranged in several rows, filling a room that appears to be a lecture hall or classroom. The lighting is bright, and the overall atmosphere suggests a formal educational or professional gathering.
